

# Index of Tune Sources

Approximately one third of the transcriptions in this collection are based on the playing of specific musicians and groups. They are listed below.

In most cases, I based the transcription on a commercial or field recording. Information on the recording is given with the transcription.

In other cases, the transcription is based on my memory of the tune as I learned it by ear from the musician or musicians in question.

<i>Musician or Group</i>	<i>Page</i>
Altan (group) .....	110
